01 Core Technical Directives for Patrik

- ☐ **Strict Design Preservation:** Do NOT alter the visual design, theme, or existing UI layout. Keep the structure identical.
- ☐ **Ultra-Clean Website ("No Bloat"):** Ensure the site remains lightweight, ultra-fast, and clutter-free. Do not add heavy extra sections.
- ☐ **Codebase Debugging & De-duplication:** Audit Next.js/React components. Clean up bugged logic, remove duplicated handlers, and optimize code.
- ☐ **AI Assistant Optimization:** Refine backend AI workflows and chatbot scripts to smoothly capture lead details.
- ☐ **Dual Project Intake:** Configure contact forms to accept both *Free Portfolio Projects* (experience/learning) and *Paid Freelance Projects* (earnings).
